PROFILE

Computer Science student at the University of Guyana who pairs strong technical depth with a business studies foundation, building the product and understanding why it matters. Merit scholarship recipient with a track record of delivering working software in fast-paced, collaborative team environments.

EDUCATION

University of Guyana

Bachelor of Science in Computer Science

GPA 3.4, 2023/2024 Dean's List

Relevant Coursework: Software Engineering; Networking; Internet Computing; Algorithms

2023-2027

Expected May 2027

New Cambellville Secondary School

Caribbean Secondary Education Certificate (CSEC)

Passed all 8 subjects on first attempt, including Distinction in EDPM and Office Administration

2018-2023

JOB EXPERIENCE

Poll Clerk | Guyana Elections Commission (GECOM) | Election Period 2025

- Managed electoral processes and administrative duties throughout the election period
- Ensured full accuracy and compliance with all electoral procedures
- Demonstrated strong organizational skills and attention to detail under high-pressure conditions
- Maintained strict confidentiality and professionalism while handling sensitive voter information

PROJECTS

Personal Portfolio Website *(solo project)*

Built a personal portfolio site (HTML, CSS, JavaScript, Three.js) with a custom neon theme, animated backgrounds, and an interactive terminal. Self-Hosted using a Nginx server, exposed via a Cloudflare Tunnel.

Elegoo Smart Robot Car *(solo project)*

Diagnosed and fixed firmware upload issues on an Arduino-based robot car (Uno R3 clone with CH340 chip) — traced the problem to the shield/hat interfering during flashing.

School Management System (SMS) *(team of 8)*

Group PHP project using OOP and MVC architecture. Handled the front-end — built the HTML, CSS, and JavaScript for the grade, class, student, and score management modules.

Solar System Simulation *(group project, OpenGL/C++)*

Team-built 3D solar system simulation in Visual Studio. Handled texture mapping, the asteroid belt, shooting stars, and sunlight/shading effects.

SKILLS AND CERTIFICATIONS

Programming Languages: Python, CSS, HTML, Java Script, Java, SQL, C, PHP, C++.

- Networking Basics — Cisco (In Progress)
- Getting Started with Cisco Packet Tracer — Cisco
- Certificate of High Standard of Excellence in EDPM
- Certificate of Business Studies — New Campbellville Secondary School
- Caribbean Secondary Education Certificate — Completed Secondary Education.

HOBBIES & INTERESTS

Robotics and Hardware Projects • Problem-solving & creative thinking • Exploring emerging technologies • Personal & professional development • Gaming & strategy development.
